PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience building and deploying web applications using React.js and Django REST Framework. Proficient in developing role-based authentication systems, RESTful APIs, and deploying applications on cloud platforms including Microsoft Azure, Render, and Vercel. Experienced with Docker, CI/CD workflows, and database management using PostgreSQL and MySQL. Familiar with Large Language Models (LLMs), OpenAI API integration, and prompt engineering for AI-powered application development.

TECHNICAL SKILLS

Frontend: React.js, Hooks, Context API, React Router, JavaScript (ES6+), Axios, HTML5, CSS3, Tailwind CSS, Bootstrap, Responsive Design, Flutter, Electron

Backend: Python, Django, Django REST Framework, Flask, REST API Development

Databases: PostgreSQL, MySQL, Firebase

Cloud & DevOps: Microsoft Azure (VM, App Service, Blob Storage), Docker, Vercel, Render, CI/CD

AI / LLM: Large Language Models (LLMs), OpenAI API Integration, Prompt Engineering

Tools & Methods: Git, GitHub, Postman, Jira, Agile, SQL, C

EXPERIENCE

Python Full Stack Developer – Trainee

May 2025 – Dec 2025

Faith Infotech Academy, Technopark

Thiruvananthapuram, Kerala

- Built and deployed 3+ full-stack production applications using React.js and Django REST Framework, covering end-to-end development lifecycle.
- Designed and consumed RESTful APIs, integrating React frontends with Django backends using Axios, reducing integration time by streamlining component reuse.
- Deployed applications on Microsoft Azure App Services and configured Azure Blob Storage for scalable cloud-based file management.
- Containerized applications using Docker and implemented CI/CD pipeline fundamentals, improving deployment consistency across environments.

PROJECTS

Clinic Management Application – Dawa Clinic | *React, Django REST, Tailwind CSS, PostgreSQL* | [Live Demo](#)2026

- Developed a full-stack clinic management system serving Admin and Doctor roles, with protected routes and JWT-based authentication for secure access control.
- Built complete CRUD modules for patient records, consultations, and medicine inventory, reducing manual data entry overhead for clinic staff.
- Designed and integrated 10+ RESTful APIs using Django REST Framework, consumed by the React frontend via Axios with optimized async API calls.
- Managed structured relational data using PostgreSQL; deployed frontend on Vercel and backend on Render for cloud-based production access.

Clinic Management System | *React, Django REST Framework, MySQL* | [Live Demo](#) | [GitHub](#)

2025

- Architected and developed 20+ reusable React components for dashboards, billing, and patient management, accelerating feature delivery.
- Implemented role-based authentication for 3 user roles with protected routes; managed 100+ relational records in MySQL.
- Optimized API calls using Axios interceptors, improving response handling and reducing redundant network requests by approximately 30%.

- File Management System** | *Flask, Azure Blob Storage, Python* |

2025
- Built a secure file upload and retrieval system with user authentication, integrating Flask APIs with Azure Blob Storage for scalable cloud file management.
 - Implemented access control to ensure only authenticated users could upload or retrieve files, improving data security.
- Public Bus Management System** | *Flutter, Firebase* |

2025
- Developed a cross-platform mobile application using Flutter with Firebase backend for real-time bus schedule and route management.
 - Implemented authentication workflows and role-based access, with Firebase Firestore enabling real-time data synchronization across user sessions.

EDUCATION

Malabar College of Engineering and Technology	2021 – 2025
<i>B.Tech in Computer Science and Engineering</i>	<i>CGPA: 7.12 / 10</i>
Marthoma HSS, Chungathara	2019 – 2021
<i>Higher Secondary (Class XII)</i>	<i>92%</i>
MDI CBSE School, Karulai	2019
<i>Secondary (Class X – CBSE)</i>	<i>91%</i>

LEADERSHIP & LANGUAGES

Leadership: Chairperson, Computer Science Students Association (2024–25)
Languages: English (Proficient), Malayalam (Native)
